

African Safari with Wild Wonders in May, 2019!

If you are an Animal Professional, or thinking about becoming one, join us in South Africa in May 2019! Our specially priced trip is uniquely designed to appeal to a maximum of 8 budget-conscious travelers who want the full Africa experience.

Not only will you experience the beauty of Africa and its wildlife, you will visit conservationists on the front lines of the battle to preserve the animals.

Our Itinerary

May 25-26: A private lodge adjacent to the famous Kruger National Park.

Located at the gateway to Kruger National Park, you will begin to experience the magic of Africa in this beautiful private lodge with our private chef.

While here we will visit Moholoholo Wildlife Rehabilitation Center, home to many abandoned, injured and poisoned wildlife. We will also have a visit from members of Protrack, one of the largest antipoaching operations in the Kruger Area.

May 27-29: Jaydee Camp, a private residence located in the Timbavati Private Nature Reserve.

Delight in the most personal safari experience! Your own private chef and ranger will ensure your group has an incredibly memorable adventure.

Relax in your spacious en-suite bungalow or enjoy a few hours by your private pool, watching bushbuck lazily graze on the lawn.

Early morning and evening safaris introduce you to the natural splendor of the Timbavati, a wide swathe of bush that includes the Big 5, 350 species of birds and the rare white lion.

May 30 – 31: Manyeleti

Our accommodations are one of the Honeyguide Tented Camps. These 5-star camps in the Manyeleti area border Kruger National Park and are situated between Timbavati and the Sabi Sand Reserves. The Manyeleti Game Reserve encompasses over 23,000 hectares of land.

During our stay, a private ranger will accompany us on bush walks and morning and evening game drives each day. You will enjoy delicious cuisine created from local ingredients.
